

RESPONSE BIOMEDICAL CORP.

CONFLICT MINERAL POLICY

Effective as of May 29, 2014

As a good corporate citizen, Response Biomedical Corp. shall bear its social responsibility, respect human rights, pay close attention to conflict minerals issues continuously, and make efforts to examine its supply chain with diligence to assure the metals sources of, including but not limited to, tin (Sn), tantalum (Ta), tungsten (W), gold (Au), cobalt (Co), and palladium (Pd) (hereinafter referred as "Conflict Minerals") are not drifted from the mines of the Democratic Republic of Congo (DRC) and its neighboring countries (hereinafter referred as "Conflict Regions") controlled by armed groups. Response Biomedical Corp. hereby expects its suppliers to comply with the Electronic Industry Citizenship Coalition Code of Conduct and to only source materials from environmentally and socially responsible suppliers. In support of this, Response Biomedical Corp. makes the following commitments:

1. Requesting its suppliers undertake commercially reasonable due diligence with their upstream suppliers to assure that metals used in products are not sourced from mines in conflict areas.
2. Requesting its suppliers to report if any conflict mineral is used in products.
3. Request its suppliers to notify their upstream suppliers of such requirements.
